Bureau of Agriculture Reports.

The Times is in receipt of the 20th Biennial Report of the State Bureau of Agriculture. It is brim full of the most valuable information. Each county in the State is described. Information concerning Powell county follows:

Population 1900, 6,443; 1910, 6,268; per cent decrease 2.7. Assessed acreage of land 87,471 (United States Census 115,840). Total assessed valuation, taxable property, \$872,917.00. Assessed value of land, with improvements, \$509,452.00. Average assessed value of land, per acre, \$5.82 (United States Census \$15.89). Railroads, L. & N. R. R. 23.88, Mountain Central Railway 3.00; total mileage 26.88; located in the middle-eastern portion of the State; formed in 1852 and named for Gov. Lazarus W. Powell; some timber left; lands level to hilly; the river and creek bottom lands fertile; lands on top of the hill not very fertile; splendid fruit county; county seat, Stanton; population 278.

Commencement Exercises.

The Commencement exercises of the city school were well attended, and the graduates on the program acquitted themselves most creditably. It was pronounced by many as being hard to beat. It was a very rainy night, or else there would not have been standing room in the Methodist church. The graduates were: Misses Gertrude Vollmer, Fanrie Mountz, Roxie A. Kers, Josephine Hazelrigg, Halie Rogers, Carrie Goosey; Messrs. Henry Hendricks, Shelby Martin and James Hendricks.

More Stringent Automobile Laws.

The new automobile law is much more stringent than the old one. In addition to fines ranging from \$10 to \$50, it imposes imprisonment in the county jail for terms up to thirty days, in the discretion of the court or jury. The maximum speed limit is twenty miles an hour. In the residence sections of incorporated cities and towns the speed must not exceed fifteen miles, and in the business section it must be reduced to ten miles. The registration numbers must be displayed in the specified position and must not be illegible from dust or mud.

Editors Held Over to Grand Jury.

Editors John W. Walker and F. A. Conlee, of the Irvine Sun, were arraigned before his honor, County Judge Newton, upon the charge of criminal libel and held to the grand jury under \$100 bond each. The original charge against the men was contempt of court.

A Distinguished Visitor.

Mrs. Cora Wilson Stewart, editor of the Morehead Mountaineer, former Supt. Schools of Rowan county, originator of the famous moonlight school, and an educator of national fame, is spending a few days with her sister, Mrs. E. B. McGlone in this city.

We are selling the new Royal Sewing Machine, prices from \$20.00 up. 10 year guaranty.

Mrs. J. W. Williams.

One County Flickers.

Simpson county last week voted down a proposition to sell bonds to the amount of \$100,000, with which to build turnpikes. This proves the unprogressive spirit of this south Kentucky county. This county must now lose its proportion of the State aid or let what enterprising people there are in the county put up the cash from their own pockets. The law requires a two-thirds majority to carry a bond issue and this provision is why the measure failed to pass.

Powell county will not be like Simpson when we vote on the bonds. We have waded the mud too long and too deep to neglect an opportunity to get turnpikes when the State proposes to help us. But there will be opposition to the bond issue, though to an insignificant extent.

One of the Faithful Few Rewarded.

Editor J. Clyde Nelson, of the Sharpsburg World, after 22 years at the helm, being the founder and sole publisher of the paper during all of these years, has severed his connection with the paper and in the last issue publishes a beautiful valedictory. The paper will most likely be continued by some other person. We hope the promotion of Mr. Nelson to be postmaster will not be instrumental in the town losing the valuable "World". The press of the State regrets to lose Mr. Nelson from the newspaper field, but is glad to know that in his doing so, he is provided with something at least more remunerative than publishing a local paper in a small town.

John C. C. Mayo, Kentucky Democratic National Committee-man and capitalist, died at the Waldorf-Astoria Hotel in New York Monday afternoon at 2:30 o'clock. The funeral will take place at Paintsville, Ky., today at 10:30 o'clock.

Fletcher Deaton, under life sentence for conspiracy to murder former Sheriff Ed Callahan, of Breathitt county, has secured a writ of error from the Court of Appeals and may take his case to the United States Supreme Court.

Lost Pocketbook.

A son of Mr. H. K. Blanton, of Kimbrell, lost a pocket book containing a \$5 bill and about \$3 change, presumably in Clay City or between this city and Kimbrell. Anyone finding such property will kindly leave it at this office as per Mr. Blanton's instructions.

May Frost and Snow.

May 16, 1888, twenty-six years ago, there was a big frost and freeze which killed all the fruit, and even killed the leaves from the trees. Potatoes and corn were bitten to the ground, but they came up again and made as good crops as if they had not been injured.

On Sunday morning, May 20th, 1894, just twenty years ago, there was six inches of snow on the ground, which killed most every thing planted and up, but it did not do the injury that the frost six years before in May did. It caused wheat to lodge worse, but other ways it was not so damaging. It did not kill all of the leaves from the trees and a small portion of the fruit escaped.

Sunday at Winchester.

Billy Sunday, minister of the Christian church, of National fame, will speak at the K. W. College, Winchester, June 2nd. The Lexington ministers recently turned down a proposition to have Sunday come there and hold a meeting. The Lexington ministers considered Sunday's radical ways and manners of presenting the Savior to the people as uncomely and divested of permanent good to the cause.

Church Passes Resolutions.

Whereas, Charles G. Mann, pastor of the Presbyterian church of this city, has accepted a call as pastor of the church at Peebles, Ohio, and is leaving our community,

Now, Therefore, it is resolved, That the members of the Presbyterian Church of this city and county, are reluctantly giving up a loyal and devoted pastor; that all denominations of Christian people of this community are losing the aid and assistance, in their fight against sin and wrong, a consecrated Christian man, and a true and courageous minister of the Gospel of Jesus Christ; and that the people of this county, and especially of Clay City, will miss the cheering words, cordial greetings and hearty handshakes of Brother Mann.

Resolved, that Brother Mann and his wife have endeared themselves to our citizens and that their interest and help in the social and spiritual welfare of the people here will be greatly missed.

Resolved, that a copy of these resolutions be published in the Clay City Times and a copy thereof delivered to Brother Mann.

This May 10th, 1914.

STANTON NEWS.

Dr. J. E. Lemming was called to Lombard to see Albert Bowen who is sick.

Dr. Marshal Combs, of Hazard, visited at the home of D. R. Clark this past week.

All the teachers have left for their respective homes that the writer spoke of in last week's paper.

Mr. Tom Conlee and daughter, Minnie, are visiting in Fayette and Madison counties with Lewis, George and Irvin Conlee.

Mrs. Alicia Derthick is expecting her sister, Mrs. Azora Parker, of Bedford, Ohio, to arrive Friday of this week and stay for three weeks.

Frank Yocum, of Hatcher's creek, reports his wife as very poorly and made a trip to Clay City Friday to get her some graham flour.

Miss Ethel Baker, of Mt. Sterling, is here visiting her many friends in Stanton and Filson. She was accompanied by Miss Emma Coones, of same place.

The writer organized a splendid Sunday School at Licking River in Morgan county this past Sunday. He will organize one this coming Sunday at Gray's Branch.

Mr. T. H. Hall, of Cincinnati, a representative of the Singer Sewing Machine Co., was here last week checking up their agents. He found E. F. Stanton's accounts in perfect shape.

Miss Nell Hardwick, of Rosslyn, was here visiting her sisters this week. Also Mrs. Susie Hardwick Jones, of Montgomery county, was here visiting her sisters and taking in Commencement week.

Mr. M. S. Crain, of Jackson, took in the graduating exercises at the College building on Monday night. He was very much interested in the beautiful singing that made the evening so pleasant.

Rev. C. G. Mann, of Clay City, was calling on his many friends this week and bidding them good-bye. He took in the Commencement exercises and left Tuesday morning for his new field of work in Southern Ohio.

Mr. D. R. Clark rode through to Breathitt county on his mule where he went to look after his timber interests and also his home in Jackson. While in Jackson he sold his mule and came home on the steel horse.

Miss Mollie Johnson, of State College in Lexington, and Mr. John Johnson, of Tallega, took in the Commencement Gold Medal contest on Saturday night. They had the pleasure of seeing their sister, Maxie, win the first prize.

Among the out-of-town visitors to Commencement were Dr. A. T. and Lawrence Knox, Mrs. R. T. Harter, Miss Elsie Rearick of Lombard, Mrs. Sylvia Russell and son, Harry, Messrs. Beela Smith, Green Bowen and another brother of Nada.

Mrs. Watkins, of London, Ky., and a sister to Mrs. Doll Blount, was here visiting this week and taking in Commencement. Also Mrs. Pettit of Clay City, and Melvin

Blount of Heidelberg, arrived for visits and Commencement. Miss Beatrice Blount returned home with Melvin to visit a week at his home.

Rev. W. W. Strickland, whose whereabouts have been unknown for several weeks, was located by the writer at White Oak in Morgan county. Since leaving Stanton he has been wielding the sledge hammer against the devil in Breathitt county, and has lately gone to Morgan county to continue his attacks.

Misses Frances Kabele, Esther Broad and Miss McDill, accompanied by Prof. Buck went to the home of Miss Mina Knox where they enjoyed a social evening. All report a splendid time. Prof. Shearer, who has been attending the Seminary at Princeton surprised them by coming in on the same train and enjoying the evening with them. He took in the Commencement week and has returned to his field of work.

The writer regrets that he was only able to take in one night of Commencement week. From reports coming in on all sides it seems to have been one of the best Commencements ever held. The musical recital on Wednesday was worthy of high mention and to those who are lovers of music an evening was well spent. The play given on Thursday night was fine and showed a great deal of talent. One man said that he had seen a great many plays and paid high prices to see them but he enjoyed this play as much as any he had ever seen. There was the Gold Medal Contest on Saturday night which was the most exciting event of all. Six contestants took part and it was hard on the part of the judges to decide which was the winner. The decision was given to Miss Maxie Johnson, of Tallega, with Miss Anna Clark as second. Many thought that Anna had won, though there was no dissatisfaction expressed. The other contestants were Misses Daisy Johnson, Gladys Welch, Ohio Frazier and John Campoell. Only one could win the prize, but the effort the others put forth was worth as much to them as it was to the winner. On Sunday morning Dr. E. O. Guerrant, of Wilmore, Ky., who has done so much along educational lines for the people of Eastern Kentucky, gave the Baccalaureate sermon. His address was on Life, which these graduates are launching out upon. On Saturday afternoon the children carried off the honors. They are always a delight to every body and can draw a crowd when others fail. Their exercises were splendidly amusing. Two little girls from Louisville, Misses Emily Boyd and Martha Banks sang a beautiful song that added much to the entertainment. They are very talented little girls. Miss Leeta Derthick won the prize for not missing a day in school and the highest grade of her room. Mary Daniels and Mabel Morris were given prizes from the first grade. Ethel Eversole won the prize for the second grade. Lois Johnson also won a prize in her grade. The writer has been unable to learn all of those who won prizes. On Sunday night Rev. J. C. Hanley preached to a large house. On Monday night the graduates gave their Commencement addresses. They were excellent and well appreciated. The graduates were Misses Maude Bowen, Beatrice Blount, Mila Knox and Stella Congleton. After which Prof. Hanley gave them their diplomas with a splendid address. Dr. Guerrant gave the closing address. His address was full of advice and witicism. The Doc-

Some people will continue to strain at a gnat and swallow a camel, and so do many of the newspapers of the State do the same thing. They howl about the State debt and the loss of insurance. The only bad thing about the State debt is, it has not been used altogether as it should. There is no need for worry about a small State debt if the people can get the benefits. But we oppose the gobbling up of State funds as much as anyone. In the insurance business, we invite you to the companies' own report, which shows that the people of this State in the past twenty years have paid \$70,000,000 for \$40,000,000 protection. If the people who insure had this \$30,000,000, kept by the companies, now placed in savings banks, we would have all the available funds necessary to care for our business, and declare dividends each year to the insured. Insurance is nothing more than a system whereby we share each others' risks and supply the cash to reimburse those who suffer loss. Why not the people organize and establish a savings system, and pay our losses from such fund? Any bank will keep the funds and pay us dollar for dollar with interest. Then why pay companies 70 cents to keep 40 cents of it for us until we need it?

The wealth of John C. C. Mayo is variously estimated to be between \$10,000,000 and \$20,000,000. If it is only ten million, he is worth more than the total assessed value of all the lands and improvements of Johnson county, where he lives, together with the five adjoining counties of Lawrence, Martin, Floyd, Magoffin and Morgan, the combined assessments of all of the lands and improvements in these six counties being but \$9,520,542. If he should be worth the twenty millions, he can buy, at its assessed value, all the lands and improvements of all the coal producing counties where his holdings lay, including his own lands.

The study of these figures and Mr. Mayo's wealth present two conclusions, one of them being that if he is worth what he is said to be, all the other people in these counties are very poor, or else the lands are assessed at only about one-tenth of their real value. We are inclined to think that the latter conditions prevail and the State authorities should look a little better after the assessment of such valuable mineral lands and make them share their burden of taxation and help to relieve the State's financial stress.

Under a recent decision of Circuit Judge Stout at Frankfort, the State will have to pay convicts in the penitentiary an amount approximating \$100,000

for labor under the compensating act of 1910. The prisoners have been paid according to the provisions of the bill for the past two years. This decision means that Kentucky is another hundred thousand deeper in debt and that Gov. McCreary will be blamed for it, when in fact he has no more to do with it than a man in the moon.

Beckham's supporters in boasting of his strength, call attention to the fact that he was indorsed by a majority of the Democratic members of the recent session of the Legislature. Just so, and so was the 2-cent railroad bill killed by the recent session of the Legislature, as was also the anti-pass bill, the Finn railroad bill, and all other legislation that was opposed by the L. & N. railroad. Let's see, Beckham is an L. & N. railroad lawyer too, isn't he?

Joe F. Bosworth, former State Senator and leader of the fight

for State aid to roads, has come out for the Republican nomination for Congress in the 11th district. Good. We next need Federal aid and Bosworth is the kind of stuff needed at Washington to bring it about.

tor was in his happy vein and entertained the audience very much. Mrs. Kate Bohannon sang a beautiful song that left a tender feeling vibrating in the hearts of her hearers. The other songs and duets added much to the evening's enjoyment.

The editor of this paper and the writer understand each other perfectly as to our differences over Mr. Stanley, and we thought a friendly exchange of views would be of mutual benefit to all. The writer believes that the greatest question before the people of Kentucky, and for that matter the United States, is the liquor question. All other questions are of minor importance when compared to what this traffic is doing. It is a curse to our country, ruining our noblest boys and girls, making drunkards of our splendid men and women, filling our country with crime and poverty, misery and suffering, crowding our jails and penitentiaries, insane asylums, pauper institutions, orphan homes and charitable organizations, making widows out of wives, orphans out of children, fiends out of fathers, murderers out of its victims, drunken sots out of its patrons, debauching politics, judges, lawyers, statesmen, peo- everywhere, and corrupting everything it comes in contact with. It is the best friend of the criminal, the school, of the gambler, the instructor of vice and crime, the cause of almost all

The citizens of Spout Spring are trying to get a bridge across the river at Lilly's Ferry. We hope they will succeed in their attempt, for we need a bridge across there and it will be a lot of help to the people.

Dave Snowden has moved from Winchester to his farm near here to reside. Davy looks somewhat thin and pale from city life, but we opine he will regain his robust appearance after a few weeks of fresh air, sunshine, and out-door exercise.

murders and crime committed. The saloon and the brothel go hand and hand, and lures their victim to her ruin. The liquor traffic has its fangs in politics, it selects the rulers of our nation, the governors of our states, the officials of our cities, towns, counties, the judges upon the bench and members of the Court of Appeals must bow to its power. It curses our laws, good government, pure citizenship and everything high and noblest to mankind. If there is any other question so important, so vital, so terrible, so crushing, so destroying, so damnable, and so powerful as this question, the writer does not know what is it. Too long have we sent men to our Legislatures and Congresses that have ignored this question. We have suffered this evil to get too much power upon politics and government, and now the battle will be a hard one to win. The people are aroused and the liquor traffic must go. Kentucky today is about to throw its shackles off from our beloved State, and we call upon all editors, citizens, churches, institutions that stand for a better Kentucky, to join in this battle. When you have conquered this enemy, then you have solved many of the other great problems that are before you. When you have a liberty freed people, clean men at the helm of State and government who are not sold out to the liquor traffic, then you will get men who will solve these other questions right.

We have just received a full line of women's rust proof corsets in different styles at \$1.00, \$1.50 and \$2.00. Every one guaranteed. Mrs. J. W. Williams.

Farm Drain Tile

Make Your Wet Land Productive.
By the use of drain tile you can turn that low, wet, useless, swampy field into the most productive spot on your farm. Good tile, properly placed, not only carries off surplus water, it admits air to the soil and makes it easy to work. It improves any soil. The increase in the value of the land is many times the cost of the tile. The first year's crop from tiled land pays for it. Any body can do the work successfully. Write for particulars or call at our plant.
